To Whom It May Concern:

**RE: East-West Tie Transmission Project
Project Newsletter and Request for Interest Holder Contact information**

As you may know, the East-West Tie Project is a proposed 447 km double-circuit 230-kilovolt transmission line connecting the Wawa Transformer Station to the Lakehead Transformer Station in the Municipality of Shuniah near Thunder Bay, with a connection at the Marathon Transformer Station. This Project is being developed by NextBridge Infrastructure.

You are receiving this letter because you have been identified as having one or more of interests potentially directly affected or adjacent to the proposed Project. NextBridge is currently seeking input from stakeholders on the location of the preliminary preferred route and related construction access and facilities, including interest holders on Crown land.

Enclosed you will find a copy of the latest Project Newsletter and the associated Notice of Open Houses which were recently made available to the public. The Notice of Open Houses was also posted in local newspapers and local association newsletters. Due to information restrictions related to the *Freedom of Information and Privacy Protection Act*, NextBridge was not able to access the contact information for Crown land occupiers without consent, and as such, you may not have received the attached information prior to the public events.

To ensure you remain informed of ongoing project activities, and to allow NextBridge to engage with you directly regarding the potential impact of the Project on your interest holding, we ask that you provide your contact information to the proponent contact cited below.

John Deese, Project Director, NextBridge Infrastructure LP
390 Bay Street, Suite 1720, Toronto, ON M5H 2Y2
